STOWNY (HAPPINESS)

STOWNY IS A NOMADIC GOBLIN WHO LIKE A TRAMP HAS NO FIXED ABODE AND TRAVELS THE WORLD.

NO ONE KNOWS WHERE HE COMES FROM.

PEOPLE WORLD WIDE KNOW OF HIM AND TALK ABOUT HIM. HE HAS MET MANY ANIMALS AND HUMANS BUT BY FAR IT IS HUMANS WHO FASCINATE HIM. HE CONSIDERS THEM AS CREATURES WITH SEVERAL ASPECTS AND POSSIBILITIES EVEN THOUGH HE RECKONS THAT THEY HAVE A NATURAL TENDENCY TO COMPLICATE THINGS AND ARE SOMETIMES A BIT LAZY TO SOLVE THEM.

" THE SECRET TO HAPPINESS DOES NOT LIE IN THE CAPACITY TO DO WHAT YOU LIKE BUT TO LIKE WHAT YOU DO"

Willy

It's always easier getting whatever you want when you approach every situation with goodwill. This is the way Willy does it. He lives far from humans being but when he decides to seek out human company, he will live close by and will gift this lucky human his help if he really needs it especially with work and health.

Who follows him, succeed!

Irma

Happiness, Health, Love

Fairy Goddess and Mother Earth, she is the mother of all goddesses. Sometimes with Badb and Macha, his priesthood, she comforted and assisted dying. In midsummer, we organize parties in her honor by lighting bonfires and decorating altars with mint, his favorite herb. She takes after her mother's eyes and his father, the round shape of his visage. She was so beautiful that whoever saw it, kept forever its image in the retina.

Oberón (Joy, Optimism)

They say it is the origin of the French expression "sleep soundly."

Lorsqu'Kuon fell dying of starvation and thought, Oberón arrived with his horn, rang and healed immediately even if he was still in serious condition, he ate his fill, drink when thirsty and although saddened, he began to sing immediately forgetting their problems. No joy can equal the joy of serving others.

RONNAN

Protecteur du foyer

When a person lives surrounded by help, he/she learns to feel good about it. If you keep in touch with your Elf, he might help you to think about other things, like health, good luck, harmony protection ... All these things are then felt in your own surroundings and help you, and any person visiting you at your home, to feel happy, as soon as we open the door. Place Ronnan in your entrance hall so that you can see him immediately upon entering. He will then pass his affability onto you!

ABU ADB ALLAH IBN HUDHAY (AL-AZRAQ) THE BLUE : (BRAVERY)

38 cm

His origins are from the North of Arabia, Syria or Iraq, since his tribe (Hudhay), like Abderraman (the Umayyads) came from these territories.

He was born around in 1208. Descendant of a noble family, he was educated in the Arab culture when the art of war was mandatory at the time.

He could speak various languages and gained the kingdom of Taifa while being Governor or Vizier of several kingdoms in the North of Alicante. He was staying at the castle of AL-QAL-A, threatened the Christians invaders in order to defend his lands and his ancestors until he couldn't resist any longer. In 1250, he signed a treaty with King James I, by which he was protecting all the inhabitants.

Facing the constant failure of the Christians to comply the treaties, he came back, although quite old, and died fighting in 1278 at the doors of Al-Cora, present-day Alcoy.

This is a little homage to our ancestors who until their full expulsion around 1620, settled in our valleys and mountains, leaving their customs and habits, their homes, their villages and names: Aal-Mudaina, Al-cora, Al-Fafara, Beni-ALFAQUI , Beni-salem, Al-patro, Beni-sili, Raduan, Abad, Bennasar, Ali-cantara and many others.

There were born like Al-Azraq, descendants of more than a hundred of generations and eight hundred years of occupation that we must respect and be grateful to.

LUMINIS S.L.

Oberón

They say that he is at the root of the French expression “dormir sur ses deux oreilles” (to sleep like a log).

When Huon was starving and thought he was about to die, Oberón came along and started to play his horn. Huon immediately felt better even though, he was still in a serious state. He was given plenty to eat and drink, and soon forgot all his worries and began to sing.

There is such joy in helping others.
